GERMAN OCCUPATION FAILING FOR LACK OF ALLIED UNITY

OFFICIAL REPORT OF U. S. COMMANDER IS THAT SITUATION BAD

BERLIN, April 8.—(AP)—The American military governor's periodic report issued by Gen Joseph T. Mc[illegible]ney's headquarters, said today the lack of a centralized government in Germany has caused a general economic breakdown in the U. S. zone to such an extent that the people's determination is being "undermined."

The report outlined in detail the achievements of the American occupation, but conceded that the aims of the Potsdam conference had not been achieved because Germany has not been defeated as an economic entity.

No Inter-Zonal Trade.

"The major underlying factors in the basically adverse situation which exists in the U. S. zone are a progrissive depletion of the raw materials and supplies on hand, resulting from a lack of inter-zonal trade, a loss of popular confidence in the currency and a tendency for hoarding tangible goods; the lack of an adequate basis for normal financial transactions, the continuing problems of transport and the lack of suffi-

Indicated Funds To Be Available For Big Industry

A possibility that the campaign to secure $110,000 to bring a hat manufacturing plant to Corsicana will end today or tomorrow was voiced this morning by Fred H. Harvey, Jr., chairman of the industries committee of the chamber of commerce.

The figure was within sight at a checkup meeting of the committee at 9:30 o'clock in chamber of commerce headquarters.

Louis Wolens reported that representatives of the Texas Miller Products, Inc., would be in Corsicana tomorrow to check on the labor situation and sites for a training program.

The Allison building on North Beaton, and possibly another, will be used to train labor while the plant is being constructed. This program is expected to last as long as six months.

A committee composed of Harvey, Wolens, Joe E. Butler, Lynn Sanders and Suttle Roberts will formulate plans for an organization to represent the investors.

SENATE MAY SLASH HOUSING SUBSIDIES; FINAL VOTE IS NEAR

WASHINGTON, April 8.—(AP)—The senate passed and sent to the White House today legislation appropriating $252,730,000 for veterans temporary housing.

The fund is to finance 102,350 dwelling units in a program of renovating and altering temporary wartime housing and barracks. In some cases, the housing will be moved to new sites.

WASHINGTON, April 8—(AP)—A fight to trim the $600,000,000 fund for building material subsidies took top billing today as the Senate turned its attention to the administration's emergency housing bill.

Senator Capehart (R-Ind) had an amendment ready to halve the sum which housing expediter Wilson Wyatt could deal out to manufacturers in an effort to increase supplies of scarce goods without boosting prices to the public.

"Wyatt could certainly make a start on this program with $300,000,000 and if he needs more money he could come back to congress," Capehart told reporters.

Move May Fail

Although Capehart's move had general backing among Republican Senators, Democratic leader Barkley of Kentucky forecast it would fail.

Another point of controversy was over a provision allowing Wyatt to guarantee markets for new type

JAP COMMUNISTS IN DEMONSTRATIONS AS ELECTION DAY NEAR

CABINET RESIGNATION DEMANDED; MOBS GET AT HOME OF PREMIER

By RUSSELL BRINES

TOKYO, April 8.—(AP)—With Japan's election two days away, a 14-man committee of the "Democratic People's Front" appeared today before Premier Shidehara with a demand that his cabinet resign immediately.

The committee, claiming to represent 70,000 persons, called on Shidehara as a follow-up to yesterday's explosive left-wing demonstration in which at least 10,000 Communist-led demonstrators had swarmed into the premier's courtyard, broke windows and injured eight Japanese policemen. The crowd, which was herded quietly away from the residence by heavily-armed U. S. military police, did not accompany the committee today.

Three resolutions were presented to Shidehara by the group. One from farmers condemned the amount of rice provided under the compulsory purchase rules; another

Luther Johnson Is Reported In Line For Federal Post

WASHINGTON, April 8.—(AP)—Friends of Rep. Luther A. Johnson (D-Texas) said today that he was being considered for appointment to a federal post.

Johnson himself was not immediately available for comment. His friends, who asked not to be otherwise identified, said a decision on the matter should be reached within 24 hours.

Oe report is that Johnson may be named to the federal tax court. Other reports recently said he was being considered for a diplomatic post. At that time Johnson said he knew nothing of such a proposal and announced his definite intention of seeking re-election.

Record Ballot Cast Saturday

DOYLE L. WEST IS ELECTED MEMBER OF SCHOOL BOARD

MRS. FESTUS A. PIERCE LED TICKET—W. P. M'CAMMON PLACED THIRD

Mrs. Festus A. Pierce and Doyle L. West were elected as members of the Corsicana board of education Saturday in the most hotly-contested trustee election in Corsicana history, according to unofficial returns.

The official returns will be canvassed and declared at the regular meeting of the board of education Tuesday.

There were 1707 votes cast.

W. P. McCammon, member of the board for 28 years and president for 24 years, was defeated.

Mrs. Pierce led the ticket with 1328 votes, followed by West with 955 and McCammon with 781. Two trustees were to be elected.

The previous high trustee election was on April 6, 1940, when 1306 ballots were cast.

Mrs. Pierce and McCammon were seeking re-election, while this was West's first venture into politics.

Holdover members of the board of education are Mrs. H. R. Stroube, R. L. Wheelock, J. H. Sullivan, secretary; Wr. P. Wilson David, and Dr. W. K. Logsdon.

NOT STARS, BUT BIG HAILSTONES FELL ON ALABAMA LAST NIGHT

ANNISTON, Ala., April 8.—(AP)—Tons of hailstones remained on the streets here today as residents struggled to clear away debris left in the wake of a storm which caused damage estimated at millions of dollars.

Eighteen persons were injured in the half-hour hailstorm which swept through Calhoun county.

The hail, as lagre as half a dollar pieces, fell in such volume that war veterans said the noise resembled an artillery bombardment. Many buildings looked as though they had been hit by artillery and machine gun fire. Some houses were damaged by falling trees.

Ed Brinkley, editor of the Anniston Star, describing today's scene, said there wasn't a street which was not blocked off. Practically every building in town, he said, had been damaged by the hail and rain which fell in torrents.

DRAFT NEED CITED

WASHINGTON, April 8.—(AP)—Gen. Dwight D. Eisenhower agreed today with questioning senators tha 18-year old youths do not make the best occupation troops but insisted the army will be short in manpower unless the draft is extended beyond May 15.

The army chief of staff ran into a barrage of critical questions from the senate military committee as he urged a one-year draft extension, with inducted men serving 18 months.

Senator Edwin C. Johnson (D-Colo), brought the atomic bomb and Russia into the exchange after Eisenhower said that Marsaal Gregory Zhukov, Soviet army leader, has asked how long American troops would stay in Europe to help police Germany.

General Eisenhower was this country's representative on the four power Berlin council and he said that Russia, England and France "fear that the United States may become so weak that they will get out of Europe."

Senator Johnson broke in to ask if Marshal Zhukov said "anything about the atomic bomb."

The general, usually trigger quick with replies, halted and then said the first information on the atomic bombing of Japan was meagre and that Zhukov "discounted it more than I did—possibly because they did not have it."

Eisenhower said there had been no discussion with the Russians about the atomic bomb.

Johnson and other senators raised the question about the use of 18-year old draftees for occupation duty.

President Truman's firm insistence on draft extension, army-navy merger and universal training plunged

MAY 11 TO BE DATE OF BALLOT ON TAX TO IMPROVE SYSTEM

COMMISSIONERS ISSUE ORDER IN ACCORDANCE WITH MEETING'S PLEA

An order calling for an election, Saturday, May 11, in Navarro county to decide whether the commissioners will levy an additional 15-cent road and bridge tax on the $100 valuation in accordance with a recent mass-meeting vote was passed at the regular meeting of the court Monday morning.

At the county-wide road mass-meeting held recently it was voted to request this elecion, adopt the unit system of road maintenance, construction and planning, and urge the legislators to levy a additional one-cent gasoline tax for the purpose of constructing farm-to-market roads.

Petition Presented

A petition signed by John J. Bryant of Corsicana and Roane and 238 other citizens from throughout the county was presented, requesting the calling of the 15-cent maintenance election. The motion calling the election was made by Commissioner Jack Megarity and was seconded by Commisunit were ordered filed.

Giant Ammunition Dump Blows Up In Saigon; Many Hurt

SAIGON, April 8.—(AP)—A giant French ammunition dump on the northern outskirts of Saigon exploded this morning and two hours later a shattering series of explosions continued to rock the city.

The French army threw barricades around the danger zone and began the evacuation of all civilians.

Truck loads of wounded, including women, children and French servicemen were still streaming into the hospitals at noon.

Many Are Wounded.

More than 60 wounded persons officially were reported admitted to hospitals in the half hour following the first blast at 10:30 a. m. Hospital officials said they lost count after that.

Henri Cedrille, commissioner for Cochin China, issued a special communique saying that the explosion was due to an accident and requested the public to remain calm.

Normal press communications from the city were disrupted since the Saigon radio station was in the explosion zone. The British army signal corps was furnishing an emergency press service.

Refugees from within the explosion area said that scores of houses, windows and glassware were shattered for miles around the explosion sector. Rue Catinat, the leading shopping district, was littered with rubble and glass fragments.

PRESIDENT MAY VETO PRICE CONTROL BILL IF FARM HIKE RIDER

OFFICIALS CALL FOR EXTENSION OF OPA, SUBSIDIES FOR YEAR

By MARVIN L. ARROWSMITH

WASHINGTON, April 8.—(AP)—A high administration official expressed belief today that President Truman will veto price control extension legislation if Congress tacks the controversial farm parity amendment to it.

The official made this statement to a reporter privately as the administration's economic high command called for renewal of OPA by May 15 "without the crippling amendments which are now being proposed almost daily."

In a report to the President on the third anniversary of the hold-the-line order, the directors of five government agencies said that if the emergency powers are continued through June, 1947, disastrous inflation can be averted.

Federal Control Needed.

They asked not only for maintenance of price ceilings, but for continuance of food subsidies, authority to keep on channeling the scarce materials, and for enough money to finance these programs properly. These powers expire June 30 unless renewed.

The possibility of an OPA extension bill veto was raised as farm state lawmakers told reporters they will try to write into the legislation a proposal to boost farm parity prices.

Union Said Ready To Resume Local Strike Peace Talk

"Navarro Lodge No. 1217, International Association of Machinists, is willing to resume negotiations at any time with management to effect a satisfacory collective bargaining agreement," according to a statement released Monday morning by the negotiating committee of the union.

Negotiations were stopped Thursday when it appeared the labor and management were deadlocked.

Management issued a statement Saturday that the company stands ready to resume negotiations.

A U. S. conciliator met with the committees representing the company and the union several times last week before the recessing of discussions was made.

Your government has decided frills—on feminine cuffs, pockets and belts—are in again.

What's more, if she wants a "shorty coat"—25 inches by official measure—that's all right with the Civilian Production Administration too.

First, about those frills. As of today, these vital, extra touches, missing in wartime, have Washington's blessing again:

Gerald L. K. Smith Is Sentenced To 60 Days In Jail

CHICAGO, April 8.—(AP)—Gerald L. K. Smith, head of the America First Party, today was sentenced by Municipal Judge John V. McCormick to serve 60 days in the county jail on charges of contempt of court.

Don Lohbeck, Detroit, an editor of a Smith-sponsored publication, who was convicted of contempt of court jointly with Smith, was given until Friday to appear. Lohbeck was not in court today, but Maximilien St. George, his attorney, told Judge McCormick Lohbeck's wife was expecting a baby and he wanted to remain with her.

Judge McCormick ordered a body attachment issue for Lohbeck and said he would be taken into custody Friday if he did not appear in court before that time. Judge McCormick did not specify Lohbeck's sentence.

In sentencing Smith, Judge McCormick said the trial, during which Smith was cited, was conducted under "unparalleled condi-

UN Again Asked Drop Iran

By CHARLES A. GRUMICH

NEW YORK, April 8.—(AP)—Russia posted a new threat of boycott before the United Nations Security Council today unless the council abandons its scrutiny of the Iranian case and accepts the Soviet view that the issue has been settled in bi-lateral agreement between Iran and the Soviet Union.

Moscow took a direct hand last night, broadcasting both a firmly phrased demand that the council remove the Iranian case from its docket and a telegram from Iranian Premier Ahmed Qavam to Prime Minister Stalin expressed satisfaction with the new agreement between them.

Moscow said Soviet Ambassador Andrei A. Gromyko had advised U. N. Secretary-General Trygve Lie in New York that the Iranian case "must be dropped" at once rather than remain on the agenda for reconsideration May 6, by which time all Red army troops are supposed to be out of Iran.

In a letter to Lie dated April 6, Gromyko was quoted as saying the council's retention of the Iranian case for re-checking in May is "not right and is illegal and is contrary to the charter of the United Nations....There is no reason to leave the Iranian question

DELICATE AND IMPORTANT ISSUE OF FRANCO REGIME IN SPAIN IS TO GIVE U. N. COUNCIL BIG TEST

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

It looks very much as though the status of the Franco government in Spain may provide another early crisis with which the United Nations Security Council will have to struggle.

This is a delicate and vastly important situation and one which involves a further divergence of view among the Big Three—Russia on the one side and the Western Allies on the other.

If the Spanish issue were one of those things which gave promise of solving itself, it might be discreet to let it slide But fresh pressure to action against Generalissimo Franco is developing from Eastern Europe. The United States and Britain, while turning thumbs down on the Falangist government, don't subscribe to the thesis that it threaens peace.

The latest development is Poland's decision to sever diplomatic relations with Spain. Romania already has made that move last Friday. From the Polish embassy in London also came the statement that Poland would raise the matter in the Security Council.

Meantime, of course, the Spanish Republican government which is in exile in friendly France, under the presidency of Jose Giral, represents the leftist government which Franco overthrew in the frightful Civil War of 1936-39.

FDR Policies Under Fire Of Probers On Death Anniversary

By CLAIR JOHNSON

WASHINGTON, April 8—(AP)—Franklin Delano Roosevelt died a year ago this week, but his name and policies still are the subject of hot political oratory.

Debate about the late president breaks out frequently in congress, and political leaders said today they expect his program to be an issue in the coming elections.

House Democratic leader McCormack of Massachusetts contended that Republicans already have injected Mr. Roosevelt's name into the campaign by "trying to smear him" in the investigation of the Pearl Harbor disaster.

GOP Denies "Smear"

Republicans hotly denied this. Reps. Keefe, (R-Wis) and Gearhart (R-Calif), members of the Pearl Harbor investigating committee which reopens its public hearings briefly tomorrow, asserted their only desire it to tell the whole story of the sneak Japanese attack.

Some Republican leaders, who asked not to be named, said that while many of their campaign speakers undoubtedly will assail the administrations of both Mr. Truman and Mr. Roosevelt, party members are being urged to concentrate their fire on Mr. Truman.

One ranking Republican said the democrats will be the ones to bring

HITLER'S SECRETARY ARRESTED BY YANKS; WAS CLOSE TO HIM

FRANKFURT, April 8—(AP)—The American-controlled Dana News Agency reported today that Frau Marie-Thekla Welchelt, whom it described as Adolf Hitler's private secretary, had been arrested in Wuerzberg.

Frau Wiechelt frequently helped the Fuehrer draft his speeches, the agency said.

Dana said that Frau Welchelt was believed by the American counter-intelligence corps to have been close to Hitler "until the surrender," although she said she had been the Nazi leader's secretary only between 1934 and 1938.

She was arrested last Wednesday in Uettingen, near Wuerzburg, by local American investigators and was turned over to the counter-intelligence corps, Dana said. She was said to have disguised her appearance and was living with her parents in seclusion.

LEAGUE OF NATIONS HOLDS LAST MEETING, PRAISES WAR LEADERS AND PLEDGES U.N. MORAL HELP

GENEVA, April 8.—(AP)—President Carl J. Hambro of Norway convened the opening session of the 21st and last League of Nations Assembly today with a eulogy to five allied war leaders.

Hambro told the assembled delegates that they were meeting to "add some bricks and straw to the building of the wall of security" whose construction was begun by the allied leaders.

"We cannot meet here without a word of gratitude," he said, "to Winston Churchill, Franklin D Roosevelt, Prime Minister Stalin, Generalissimo Chiang Kai-Shek and General De Gaulle."

Hambro declared that "it was the vision and victory of these men which shall protect the life of peace loving nations in the years to come."

Paying tribute to the United Nations, he said the League was holding its last meeting "in hope because we have already seen the better idea embodied which has sprung from the seeds of our endeavours."

"We meet not to terminate what activities are carried out from this center, but to transfuse into a new body all the enduring assets, moral and material, the accumulated imponderable experience of 25 years."

NAZIS DID NOT 'CONSPIRE,' HITLER TOLD THEM WHAT TO DO, EX-ARMY HEAD SAYS

By NOLAND NORGAARD

NUERNBERG, April 8.—(AP)—A former chief of the German chancellery attacked as unsound today the whole prosecution theory of a conspiracy by top Nazis to seize power in Germany and then invade neighboring states. This is the basis of the first count of the indictment of 22 German war leaders on trial as war criminals.

Dr. Hans Heinrich Lammers told the international military tribunal that in "the Anglo-Saxon sense of government, with ministers possessing certain powers, there was no longer a reich government after 1936."

"The fuehrer (Hitler) was the reich government," he contended. "A majority of the ministers never had any knowledge of Hitler's general plans. The time when we left the League of Nations was the last time Hitler informed the government of important actions before they occurred."

He testified after Field Marshal Wilhelm Keitel. The British prosecution submitted new documents which linked the chief of the German army directly with a 1944 plan to give captured allied fliers "special treatment."

This "special treatment" was the Nazi term for secret execution by the security police, the documents said.

Obviously somewhat flustered by this new evidence, Keitel said "it was generally known what 'special tratment' was, but added that "thank goodness, these measures were never taken."

Fyfe drew from the defendant an admission that he was aware that the Nazi government's explanation of the shooting of 50 RAF airmen was a "complete and utter lie."

The airmen were executed following their escape from a Nazi prison camp in March, 1944, and the explanation from Hitler's headquarters at that time was that they were shot while attempting to flee.

INTERNATIONAL FEAR

There is too much fear in the world today. Not only individuals are afraid, but whole nations—some of them great and powerful—seem to be yielding to what a psychologist would probably call a "fear complex," but what ordinary men call "being just plain scared." We doubt each others' purposes and good faith. This seems to be true especially of the United States and Russia, traditional friends and allies, who have often acted in that capacity.

What is there to it? We Americans know that we have no improper designs on Russia, and it may well be that Russia herself has none against us. But a "fear complex" among big nations may spread and prevail without any sound basis for suspicion on either side. Many a war has begun, and wrought vast and lementable damage over long periods, with no more cause than just such baseless fears.

It is one of the most important times in modern history for these two powerful nations. Certainly we and our neighbors, near and far, do not want war. And certainly it is necessary for us all to be convinced that the other fellows don't want it. But putting over the fact, and clinching it, is difficult.

The purpose of the UN is to give freedom from fear. It can accomplish that purpose only if everyone helps.

TAKING IT EASY

From where John Q. Public is sitting right now, scanning the headlines a little more than usual, it looks like a good time for the government at Washington to keep a wary eye to windward and go easy on ultimatums. There are some clouds on the horizon, perhaps only a little bigger than a man's hand, but capable of growing. And there may be lightning in those clouds—although nothing like an international tornado need be expected.

The experts seem to agree that our international trouble, whatever the distant scene may be, are at least distant. And while some leaders may be inclined to "raid the international pantry," as one American observer says, it is not necessarily time for the sound spanking that any youthful member of the family might get for such conduct in the long run.

LIBRARY ADVENTURE

Being a librarian was once rather a stodgy job. An elderly lady sat at a desk and gave out books with far more caution than enthusiasm. Bringing the books back on time was more of a virtue than desire for learning. One book of fiction was allowed to one reader at a time, if accompanied by a volume of useful nonfiction.

Life in libraries is different now with open shelves and the reader taking out books by the armful. Librarians dash around trying to help their customers find the books they want, making lists of those interested in special subjects, encouraging study for one or rest and refreshment with travel or mystery for another telling stories to children or driving out with a boxful of new books for the grocery store substation at the far corner of the county.

The great library adventure of today, however, is that of going with the occupation armies in the Philippines, Korea, Japan and elsewhere. The War Department is now recruiting for those jobs. The librarian who takes one has the fun of seeing strange parts and people, of being in on the great job of reconstruction and of helping his fellows with their books of fun or advancement at the same time.

PREACHING TO THE GOLFING PARSON

Now from the pulpit and the pew
The golfing parson comes anew
To try with might and main once more
To shoot the course in eighty-four.

He knows as well as man can know
Just how the golfing swing should go.
But knowledge never is enough
Unless man can apply the stuff.

His friends have told him, one and all,
To keep his mind above the ball,
And preached to him, as parsons do,
The need to learn to follow through

But as a preacher he must know
Few down the narrow path will go.
Try as he will to teach the way,
The best of men at times will stray.

FOUR MONTHS OF FOOD

Ex-President Hoover, in charge of feeding the hungry overseas, said shortly before leaving for Europe that the really critical period of need would last only four months—120 days. This is the time, right now, when some people are starving, actually in danger of death, when others are undernourished to a dangerous degree, and nobody has enough to be really safe.

By July spring vegetables will be adding nourishment, minerals and vitamins to scanty diets. By fall, with grain and other harvests in, there will be almost enough to eat. For another year or two food from this side will be called for, but the need is expected to diminish steadily as home fields, gardens, orchards and pastures take over their normal loads.

There should be no argument about instituting rationing again — it would take three or four months to get it going. There should be no gripe about bread percentages or anything else. Food should be sent as fast as trains and ships can be found to take it. It is right for UNRRA to try to allocate the food supplies equitably. But that effort should not be allowed to hold up sending food for a single day. Better some wheat, quick, today, than the exactly right amount later. Inequalities can be adjusted after the first need is met.

We are said to be short 38,000,000 bushels on our foreign commitments of wheat. Why not take half of it from our normal domestic carry-over, right now, and make up the carry-over by eating one slice of bread instead of two from now till fall? It's not a time for fussing. It's time to feed the hungry. Let's do it.

Strength and peace is the motto now for Uncle Sam.

PLAN PROPOSED FOR INCREASED OUTPUT OF MILK IN COUNTY

H. C. Robinson, county agent today announced the proposed plan for increased and more efficient milk production that was discussed at a recent meeting of dairymen at the courthouse.

Balanced dairy farm operations from a standpoint of cows, management and feed supplies were discussed.

Four suggestions were offered in respect to cows: Selection of herd as to quality and number; increase production through good bulls; culling of herd according to individual production, and disease control through good sanitation.

Five suggestions were offered with respect to management: Better planning of dairy farm operations for high year-around production; saving of labor through better planning and proper equipment; improving the quality of the milk; keeping the cows comfortable, and planning of dairy barn lots and equipment for convenience of workers and the dairy herd.

Feeding of plenty of roughage was urged by more and better pastures, more and better silage, and more and better hay. In respect to concentrates, it was urged that the dairymen grow more grain, feed balanced grain mixtures, and feed according to production.

lawmakerrs today into fresh controversy that cut sharply across party lines.

The Chief Executive emphasized in his Chicago Army Day speech Saturday that he wants selective service continued for a year, desires the military forces consolidated in one department and is just as strong as ever for a peacetime training program which he insisted would not involve "conscription."

Congress May Delay Action.

But in some senate quarters his declaration that a necessary army of many men "can be continuously and adequately supplied for another year only by the Selective Service Act" was interpreted as paving the way for congressional delay on training legislation.

Senator Bridges (R-NH), a member of the military committee, told a reporter he doesn't see how any training system could be set up as long as the draft continues.

Bridges indicated also that there may be organized opposition to any speedy action by the military committee on proposed eligsiation to unify the armed forces. The ocmmittee will take up the question tomorrow.

Draft Extension Argued.

At the same time the house military committee will attempt to reach a showdown on a proposal to continue draft registrations for a year but prevent the induction of any men under its terms.

Bridges said he and others on the Senate group may ask for a searching infuiry into the proposal to put army, navy and air under one cabinet chief, a unification plan that Mr. Truman promised "does not mean subordination of any branch of the service."

There is a wide division of opinion among legislators over this proposal, as evidenced by comments on the President's speech.

before the security council for any further discussions."

The instrument of Russian protests against the council's harings of the Iranian issue thus far has been the walkout begun by Gromyko on March 27, when Ian was put on the agenda over his vigorous opposition.

New Debate Seen

Gromyko's letter to Lie promied to stir new debate when the council meets at 3 p.m. EST tomrrow after a long weekend recess, during which Poland announced her intention to bring the Spansh question before the council and Moscow sought to show Russia and J had reached complete agreement.

Iranian Ambassador Hussein Aa, who pressed his case before the council in Gromyko's absence aid last week agreed to postponement of further discussion until May 6, declined to comment on the new turn as he prepared to return to his duties in Washington today. Neither he nor several council members had seen the Gromyko letter when word of it came in London dispatches quoting Moscow radio.

Spanish Issue Die

Poland's announced intention of bringing the Franco regime in Spain to the attention of the council brought immediate opposition from the United States and the British delegaions while the Madrid press asserted that Russia was behind the move.

American and British delegation source.. contended that unless any new evidence tended to show Franco was endangering world peace they would not vote to interfere in Spain's domestic problems. For precedent they pointed to the rejection by Washington and London of a similar proposal by France, and they declared that such interference by U. N. might lead to similar action by any government which disliked the regime of another country.

only, on pockets or almost anywhere.

The shorty coat situation is a bit more complex. CPA explains it this way:

Since Easter time, 1941, when 33-inch coats were the thing to parade, coat lengths have been frozen at 33 inches to conserve cloth.

This year, however, some fashion designers thought of shirty coats. CPA quickly issued a ban, explaining there was no sense in enticing Easter Paraders to throw over perfectly good 33-inch models for a newer style.

Women Win CPA War.

But, CPA officials explained, some manufacturers went right on making shorty coats—by the thousands.

CPA threw in the towel. Shorty or otherwise, American women needed the coats.

To sum up, CPA approves this Easter outfit: Short coat, complete with double cuffs, pocket flaps and belt loops.

As for the bonnet, the CPA man said he not only had no restrictions for that creation—but no comment!

cient food to support the calory ration which had been anticipated," the report said.

"Low morale and uncertainty about the future are now major hindrances to all economic activity."

The report stated that some $51,000,000 worth of goods had been imported into the zone for German consumption, while about $4,500,000 had been realized in exports from Germany diring the period since the occupation started. This export figure is about one tenth of the dollar value of pre-war reports from the zone.

The exports consisted of hogs, potash and filtration sand to the U. S. and Belgium. Large exports of lumber are expected shortly to Great Britain, while negotiations are being carried on with Denmark and Yugoslavia.

MACKENZIE

This Spanish issue poses three far-reaching questions for the Security Council to answer. These are:

1. Does Franco's Fascist government—or any similar regime represent a menace to international peace.

2. If the Franco regime is a menace to peace, what action shall be taken by the United Nations.

3. If it isn't inimical to peace, how far shall the United Nations go in dictating what form of government Spain—or any other country—shall or shall not have.

It's important to note that Granco's governmen isn't the only one in he world which might be challenged as not fulfilling the ideals of the United Nations. This fact will have to be taken into consideration in establishing a precedent in the case of Spain.

A difficult point with which the council will have to deal in connection with the Spansh situation is one that I mentioned when I visited Spain recently. It would be easy for outside powers to precipitate another Civil War in that country if the matter weren't handled with the utmost discretion. However, whatever form of government the general public of Spain wishes, it does not want to go through the horrors of 1936-39 again.

er to 65-cent minimum wage bill, but Mr. Truman has announced he will be compelled to veto the measure because of the rider. The house has yet to act on the legislation.

Stabilization officials have estimated the farm amendment would increasse retail food prices about 15 per cent and boost the cost of living generally about six per cent.

The proposal would revise farm prices upward to include the costs of agricultural labor.

Veto Seen Likely.

"Some members of congress seem to feel that if the amendment were hooked to the price control bill, the President wouldn't dare veto the bill," a high-ranking administration official said. "I think he would."

This sentiment was reflected in the hold-the-line report, which said:

"The interests of the American people would be better servved by elliminating price control entirely rather than encouraging the false sense of security which would result from a mere illusion of price control."

IMPROVEMENTS FOR P&S HOSPITAL ARE STUDIED BY BOARD

Discussion of needed improvements, including an increase in the private room accommodation and new equipment to replace old worn equipment featured the meeting of the Navarro county hospital board Sunday at the P. and S. Hospital. Estimates of the cost will be sought before any decision is made. An increase in the electric wiring load is to be secured in addition to boiler repairs during the summer. County Commissioner Jack Megarity, Fred M. Copeland and Drew Gillen were visitors. All members of the board were present.

The March report showed collections of $5,061.65, with expenses listed at $7,058.28. There were 139 patients admitted, including 15 charity cases. Fourteen received first aid treatment and were not admitted to the hospital. Tweny-eight deliveries were made during the month.

Hospital charity was listed at $520.29, while free services of physicians was listed at $691.

Expenditures were divided as follows. Nurses and superintendent's salaries, $1,726.30; other help, $567.69; groceries, $746.83; utilities, $196.65; drugs, $318.88; laundry, $280.60; sundries (supplies), $2,053.88 (including purchases for several months prior to an anticipated increase in price); repairs, $185.67; equipment, $979.60 (including a new cook stove and a dish washing sterilizer.)

not issued him a bill of sale. Another county house, in which a concrete floor was installed, is in dispute, it was stated. The mayor claims, it was said, that the concrete must be moved or he will not allow the house to be moved off the premises, and offered the county $300 for the house. This offer was declined.

The matter will be discussed forther during the afternoon. A committee secured the houses from the county farm for use on the POW camp.

Claims were allowed except as noted on the claim docket.

Three bonds of $300 each, owned by Rice Common School District No. 2, against that district, were ordered cancelled on the request of the county board of education.

Paul Moore, secretary-treasurer of the Navarro county hospital board, discussed need for new flues in a boiler at the hospital and an increased electric current connection at that institution.

About Bank Auto Loans

People ask, "Why is it to my advantage to finance my car with a Bank Auto Loan?" Here is how our plan works; don't you agree it's the best way?

You pick your car, find out the trade-in allowance you get from your dealer and the amount of cash you will need for the balance. Then simply add the cost of having your present car insurance policy changed to cover your new car, (or getting new insurance) and arrange a low-cost loan with us for the total amount.

To see if you will save money (and we believe you will) compare the cost of other financing plans with a similar transaction here. And remember that with a Bank Auto Loan it is a local transaction all the way through. Figure it out for yourself — then decide.

Governments Agree

"After all our governments are now in agreement on the problems posed before the Security Council," he said.

On the other hand the Tehran radio, which is government-operated, repeated a statement made to reporters by Qavam yesterday that the case would remain on he council's docket until May 6, the date the Russians have set for completion of their troop evacuation.

(A Reuters dispatch from Tehran said Qavam had ordered troops to proceed immediately to the Caspain seacoast province of Mazanderan following reports of an attempted coup d'etzt).

Oil Pact Explained

Simultaneously with the demand of Ambasasdor Andrei Gromyko in New York for the council to drop the case, it was stated here that he agreement reached April 4 between Russia and Iran calls for a joint Russian-Iranian oil company in which Russia would be the majority stockholder for the first 25 years of the 50-year term. The agreement is to be presented to the Iranian parliament for approval.

Qavam said Russia would control 51 per cent and Iran 49 per cent of the stock for the first 25 years.

Translation of his statement showed the agreement provided for 50-50 control the second 25 years. One newspaper had quoted him as saying Iran would have 51 per cent the second 50 years.

More Talks Slated

The parliament to which the agreement will be presented will be chosen in new elections following evacuation of the Russian forces from Iranian soil.

The translation also said the Azerbaijan government in that self-proclaimed autonomous province has "selected certain prominent Azerbaijan citizens to confer with the Iranian government" in Tehran on the proposed return of the province to the national fold.

In response to a question as to whether these representatives would include followers of "Premier" Jafar Pishevari of the Azerbaijan regime, Qavam said that "discussions will be carried out with the people of Azerbaijan, and naturally they are included."

Iranian troops have been prevented in the past from entering Azerbaijan by the Red army. The communique Friday, however, recognized the Azerbaijan problem as an "internal" one for Iran to handle, and said that all Russian troops would be evacuated from Iran by May 6.

New Elections Planned

Qavam told newsmen that elections for a new parliament would be held immediately after the Russian withdrawal.

Informed of rumors circulated here that arms and ammunition had been sent into the Caspain coastal province of Mazandaran, recently evacuated by the Russians, Qavam said:

"I have given urgent instructions to preserve order in the evacuated territories. The Persian (Iranian) army has been sent to the evacuated areas and will be sent again."

The Premier said the oil agreement with Russia was not secret and that the text would be published soon. He was quoted also as saying that "all exploring expenses will be borne by the Russians", and that Iran would "retain all rights to the ground."

Iran Gains Control

The newspaper Ettenat said Qavam indicated that during the second 25-year term of the 50-year agreement, Iran would control 51 percent and Russia 49 per cent of the company's stock.

(The Moscow radio, heard in London, said that Russia and Iran each would control 50 per cent of the stock during the second 25-year term. The broadcast confirmed Qavam's tsatement that Russia would control 51 per cent of the stock during the first 25-year term.

(The radio added that company profits would be divide iccohding to the number of shares held by each country, that Iran "exclusively" would guard the land in which the company operated, that a narrow 200-mile strip along the Turkish frontier in Azerbaijan would be exempt from operations of the company, and that Iran would have the right either to buy out the Russian shares or prolong the company's existence after the 50-year tenure).

SEEKING FUNDS TO CONSTRUCT BUILDING AT CORSICANA FAIR

W. E. McKinney was named chairman, and J. M. Dyer and Joe E. Butler co-chairmen, of a drive to secure $10,000 for a new exhibit building at the Fair Grounds when the stockholders met at 10 o'clock Monday morning in Chamber of Commerce headquarters.

J. N. Edens, president of the Corsicana Livestock and Agricultural Show, made the appointments.

With these three men sparking the drive, the Fair Association hopes to receive the support of the general public, as well as the stockholders, in the campaign.

"We would like for as many as possible in the community to participate in the building program," Edens declared.

It is hoped that a new structure can be built in time for use at this fall's show, September 17-22. Edens pointed out that materials are scarce and the building might not be completed by that date, but it could be used, nevertheless, to replace the tents which have been employed the past few seasons.

Since its inception nine years ago, the show has been a continual success and has long since outgrown the original buildings, the president said.

"Each of the eight Fairs has been bigger and better than the last," Edens stated. "Our entire community and county have benefited, and people have been attracted to Corsicana from all sections of the state."

Fair officials hope that future expansion of the physical plant will be made possible by profits from the annual shows.

er from labor unions opposed the announced government plans for drafting legislation to prohibit labor unions from assuming control of industries during strikes; the third was an eight-point demand for the cabinet resignation because of "its inability to solve the country's problems."

Kyuichi Tokuda, secretary of the Communist party who led yesterday's demonstration and headed the committee today, handed the resolutions to Shidehara, discussed each point and then insisted on an answer from the premier.

Came To Listen.

Shidehara, facing the sharpest direct criticism his cabinet has received in its six months of existence, appeared flushed and nervous but he answered all questions calmly with variations of this reply: "I came here to listen to you, not to argue."

Empror Hirohito, meanwhile, called upon the 36,000,000 voters of Japan to "take part in the election with enthusiasm and conviction by voting for the candidates of their free choice and contribute thereby toward the establishment of a Democratic diet."

Commander Guy J. Swope, chief of supreme headquarters' legislative division, said the American military government will take no part in the election, beyond observing it.

Huge Vote Seen.

The first practical hint of a huge vote came from the remote village of Okino Shima, which set a startling pace by sending 86.2 per cent of its normally apathetic voters to the polls. The village voted two days early because of poor communications.

Japanese political experts in Tokyo had estimated that no more than 60 per cent of eligible Japanese, preoccupied with the job of just living, would bother to vote. They predicted that 70 per cent of those abstaining would be women. Okino Shima's 86.2 per cent turnout, however, came in a village in which residents normally stay away from the polls.

Will Attend Meeting.

Mayor John C. Calhoun, Will Thompson, J. N. Edens, Joe E. Butler, Fred H. Harvey, Jr., and E. C. Mueller, manager, will represent the Corsicana Chamber of Commerce at a meeting of the East Texas Chamber of Commerce April 20-21 in Shreveport.

Butler and Mueller will attend a meeting of the East Texas managers in Marshall en route to the Shreveport session.

Hearings to Re-poen

Tomorrow's reopening of the Pearl Harbor hearings was ordered to hear additional testimony from Adm. John R. Beardall, naval aide to Mr. Roosevelt, and Ddm. Harold R. Stark, chief of naval operations at the time of the disaster.

Senators Ferguson (R-Mich) and Brewster (R-Me) told reporters they want to follow up a previous witness's assertion that when intercepted Japanese messages were taken to the White House on the night of Dec. 6, 1944, Mr. Roosevelt read them and declared, "this means war."

Charles C. Squires, Brother Of Local Resident, Is Dead

Funeral services for Charles C. Squires, aged 55 years, of Irving, who died Saturday, were held Sunday afternoon from the Irving Presbyterian church. Burial was in the Little Elm cemetery.

Surviving are his wife of Irving, four brothers, P. P. Squires, Dallas; Grover Squires, Pilot Point; Frank Squires, Denton, and Mort Squires, Corsicana; four sisters, Mrs. Will Pierce, Irving; Mrs. Mae Burns, Miss Dollie Squires and Mrs. Bill Watson, all of Denton.

National Home Demonstration Week Observance

National Home Demonstration Week, May 5-12, will be observed in Texas as elsewhere, according to an announcement by Vera Sneed, county home demonstration agent. The observance in Texas is expected to differ from those of other states and territories.

In addition to receiving public acclaim, club women and 4-H club girls will work actively in a program to help rebuild war-wrecked homes in other parts of the world. They have been asked to join in a gift of gratitude for the things home demonstration club work has brought to them, according to Miss Sneed.

Each women's and girls' club in the state is being asked to give one or more of several kinds of gifts either to their fellow club members in the Philippines or the families in Europe and the Far East. For famine relief, each club may give one or more cases of evaporated or condensed milk, or one or more cases of other canned food, especially in hunger areas.

In the Philippines, the great need is for summer clothing, Miss Sneed said. Distribution of clothing sent by Texas clubs will be handled by home demonstration agents who received training in this state. For this relief, each club is asked to give one or more cotton garments per club member, one or more bath towels per member, or two or more feed sacks per club member with needles and thread attached.

Purpos of the nation-wide observance is to focus attention on the contribution of the home and family toward progress and peace. The theme for the week will be "Today's Home Builds Tomorrow's World."

FUNERAL TO BE HELD TUESDAY FOR MRS. SALLIE P. CROMWELL

Mrs. Sallie P. Cromwell, aged 94 years, died Monday morning at the home of Mrs. W. B. Hilliard, 308 West Seventh avenue.

Funeral services will be held from the Corley Chapel Tuesday afternoon at 3 o'clock, with interment in Oakwood cemetery. The rites will be conducted by Rev. A. J. Kirkland, pastor of the Missionary Baptist church.

There are no close survivors. She was the wdiow of the late A. W. Cromwell of Corsicana.

Pallbearers will be Eliot Johnston, L. N. Johnston, L. I. Estes, J. M. Pugh, H. Borg and Carl Mull.

TYPHOID SHOTS FOR SAFETY URGED BY HEALTH OFFICIAL

Men, women, boys and girls who have not been vaccinated against typhoid fever within the last two or three years are advised by Dr. Will Miller, acting director of the Corsicana-Navarro Health Department to take the three "shots" at once.

"The three shots that will protect against typhoid are given at intervals of one week apart," Dr. Miller said. "As it takes some time for the protective treatment to be established throughout the system, it is wise not to delay in having it done. My advice is, have it done now so that immunization may be complete before summer arrives and vacation trips are taken."

This advice was addressed particularly to Camp Fire Girls, Boy Scouts and other youngsters who are looking forward to spring and summer hikes and trips. It is also meant for others, young or old, whose business or pleasure during the summer will take them to places where there may be doubt as to the purity or safety of the water supply, or as to the care with which food is handled.

The old adage that "an ounce of prevention is worth a pound of cure" is particularly applicable to this disease, which is so dangerous when it does occur, Dr. Miller stated.

Pfc. Robert E. Tate Is En Route Home

Pfc. Robert E. Tate, son of Mrs. W. A. Lawler, 111 North Twenty-Eighth, has arrived in Seattle, Wash., after two years overseas service with the Army Air Forces in the Southwest Pacific, according to a wire received here today. He is understood to be on his way to Fort Bliss, El Paso.

Tate, assigned to the 1539 A. A. F. B. U., was stationed in New Guinea, New Caledonia, the Maluccа Islands, and in Tokyo, the last being from September, 1945.

Burglars Make Big Haul Local Grain Company

Burglars who blew a safe in the McColpin Grain Company, 220 East Collin street, and escaped with more than $3,000 last night, are sought today by city, county and state officers.

A small explosive charge apparently was used to open the safe. It was trucked to the rear of the building, Sheriff Cap Curington reported, before the explosive was applied.

Iron sheeting on the side of the building was pried open to gain entrance. The theft was discovered early this morning when employees opened up for the day.

Chief of Police Bruce Nutt said no clues had been found and no arrests had been made.

Funeral Rites Held Saturday Afternoon For C. C. Wright

Funeral services for Carroll C. Wright, aged 55 years, who died at his home in Trinidad early Friday, were held Saturday afternoon at 1:30 o'clock from the First Methodist church in Trinidad. Burial was in the Trinidad cemetery. The rites were conducted by Rev. Robert Jackson, pastor of the church.

A native of Navarro county, Wright had resided at Trinidad most of his life and had been employed by the Texas Power and Light Company for a number of years.

Surviving are his wife of Trinidad; four sons, Lester Wright, Norfolk, Va.; Beauford, Carroll, Jr., and Maurice Earl Wright, all of Trinidad; two daughters, Miss Clara Wright, Trinidad, and Mrs. Demetria McPherson, Fresno, California.

Pallbearers were Earl Jones, Clarence Airhart, Rigsby Wade, Hollise Hinds, H. A. Haughton and Arthur Hieckman.

The IOOF Lodge had charge of the rites at the grave.

Corley Funeral Home directed.

Petty's Chapel PTA Sets April 18 For Picnic Of School

Mrs. Lee Carl, president, was in charge of a meeting of the Petty's Chapel P-TA Wednesday afternoon.

During the business session, April 18 was set as the date for annual school P-TA picnic in the City Park.

An Easter egg hunt will be given for the children Wednesday afternoon, April 17. A satisfactory report on the progress of the P-TA play was given.

Students presented the afternoon's program. The primary department under the direction of Mrs. Hala M. Fluker, gave a group of songs and games.

In a playlet, "Mama's Easter Bonnet," Virginia Nutt portrayed the saleslady, Audra Fae Gilliam was Mama, the hat purchaser, and Don Wylie was the bored husband.

Dorothy Nell Hosch read the Scripture Luke 24 and related "The Meaning of Easter."

LOCAL CONTINGENT WILL GO TO REGION MEET THIS WEEKEND

State Home's superb track and field team won a blazing victory Saturday at Farrington Field over 84 entering teams in Area 3 of the University of Texas Interscholastic League to advance into the regional meet April 19-20 at Dallas.

The Corsicana school, coached by C. C. Irby, amassed 46 1-3 points to outdistance their nearest competitor, Grandview High, by 15 points. Grandview followed the powerful Lads with 31 1-3 points; Midlothian—28 5-6; Prairie Hill—12; Morgan—10; Cranfills Gap—8; Iredell—4 1-2; and Italy and Burleson—1-3 each.

Representing a school population of between 8-10,000 students, the 84 teams comprised B Districts 32-39 inclusive. These competing school came from Parker, Tarrant, Johnson, Bosque, Navarro, Hill, Ellis, Coryell, McLennan, Falls, Robertson, Limestone, Freestone and Kaufman counties.

Won Fife Firsts.

The Lads won five first places, four second places, two third places, and five fourth places to dominate the track and field events.

Albert Tabor broke the tape in the 440 yard dash in 54.5 seconds for first, closely followed by running mate Thaddus Brown, who ran the distance in 56.1 seconds.

Hosia Bottoms took first place in the 880 yard run with the time of 2:16.5, while Billy Phillips ran close to his heels for second place with 2:17.9. Treamon Elrod finished at fourth place with a time of 2.20.6.

The Lad Mile reday team of Thaddus Brown, Billy Phillips, Hosia Bottoms and Albert Tabor copped the event with the good time of 3:46.

Curtis Jones broad jumped 18 feet 7 1-2 inches to win that event, Jimmie Pillows took second honors for the Lads with a near-winning leap of 18 feet 7 1-4 inches.

Baker Won Shitput.

Jesse Baker was tops in the shotput division, heaving the 12-pounder a distance of 39 feet 1 inch for first place.

James Lawrence placed in both the hurdle events, taking second in the 120 high with a time of 19 seconds, and third in the 200 low with a time of 27 seconds.

George Phinnell came in fourth in the mile run with a time of 5:20.2. Jimmie Pillows placed fourth in pole vault with a height of 9 feet 4 inches.

Kenner Boyce placed fourth in the high jump and discus throw. The Lad jumper cleared 5 feet 2 inches in the high jump; then heaved the discus 95 feet 3 inches.

Won Literary Honors.

Friday the State Home school won all contests entered to give the Corsicana school a brilliant record of 62 points scored. Edna Mae Land won first place in the girl's tennis singles; Tina Louise Gregory won first place in the typing contests; Vera Canaday was first in the shorthand department, and Lorene Oliver was first in declamation. Winning first places in all contests entered, the track and field meet earned 20 points; the girls' tennis single, 5 points; tyling, 15 points; shorthand, 15 points, and declamation, 7 points.

The record set by the State Home Lads and Lassies qualifies them to enter the regional meet in Dallas April 19-20. All reclass lines are erased in this meet and the winners will be qualified to enter the state meet finals in Austin on May 2-3.

W. C. Murdock, assistant superintendent; Mrs. C. C. Irby, Mrs. E. E. Burkhart and Miss Edith Stampley share coaching honors with C. C. Irby in the leadership of the students who carried the banner for State Home. Miss Wilson coached the tennis entry; Mrs. Irby coached the typing and shorthand entries, while Mrs. Burkhart and Miss Stampley coached the declamation entry.

Mitchell Named Chairman Fight Against Cancer

A. F. Mitchell of Corsicana has been named chariman of the Navarro county fund-raising committee for the fight against cancer, "our No. 1 enemy," it has been announced by Frank C. Smith of Houston, state co-chairman of the Texas Division, American Cancer Society. N. Suttle Roberts will serve as treasurer for the Navarro county committee.

"Cancer is one of the greatest killers of men," Mitchell said following his acceptance of the appointment to head the campaign in Navarro county. "Cancer killed 607,000 Americans between Pearl Harbor and V-J Day—more than twice as many Americans as were killed or listed missing in action in World War II. Money is needed to carry on the fight against this dread disease, which strikes young and old alike. I am confident that the citizens of this area will contribute generously to so worthy a cause."

President Truman has proclaimed April as Cancer Control Month and the local campaign will coincide with similar campaigns throughout the nation.

Most of the money collected in Texas will be retained in the state to provide better care and treatment for cancer patients in Texas along with an educational campaign stressing the necessity of early diagnosis and treatment.

Details of the campaign will be announced within the next few days by Chairman Mitchell.

BEATON HOTEL HAS BEEN PURCHASED BY JOE B. FORTSON, SR.

Acquisition of the 78-room Beaton Hotel on North Main street by Joe B. Fortson, Sr., and family, from Mrs. Ralph Beaton, Ralph A. Beaton, Walter Beaton, and Mrs. Mozelle Beaton Carpenter, effective April 1, 1946, was revealed by the new owners Friday noon.

Good Looks

By W. P. BROWN
Of Jhnson's Pharmacy

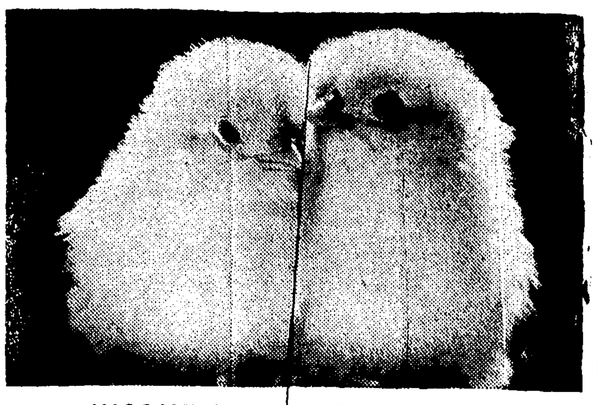

Good looks are a business and social asset to any man or woman. And good health is one of the prime sources of good looks.

To maintain your own good looks and health, visit your doctor at least once a year for a check-up. This habit, once established, should help to keep you in good health all the time. More than that, it will induce better health habits, and make you better able to meet the challenges of life.

When your doctor's recommendations include a prescription, take it to a trusted druggist for filling. He realizes the importance of even a simple prescription.
